

BILMA PUBLIC UTILITY DISTRICT

BOIL WATER NOTICE RESCINDED

January 10, 2019

On January 8, 2019, the Texas Commission on Environmental Quality required the Bilma Public Utility District public water system, TX1011872, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective action to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of January 10, 2019.

If you have any questions concerning this matter, you may contact Howard S. Wilhite, R.S., M.E.H. at (281) 353-9809.
